### PROFESSIONAL SUMMARY

A dynamic and results-driven Monitoring, Evaluation, Accountability, and Learning (MEAL) professional with over 4 years of experience in humanitarian and development programs. Expertise in designing MEL frameworks, data quality assurance, stakeholder coordination, and capacity building. Adept at using advanced data management tools to drive evidence-based decision-making. Proven ability to work collaboratively with diverse teams and stakeholders to improve program performance in line with national and global health standards.

### WORK EXPERIENCE

#### M&E Specialist

Jan 2023 - Present

#### Turk Analytica, LODWAR

- Developed and implemented data quality assurance systems, achieving a 95% validation accuracy rate.
- Designed Indicator Performance Tracking Tables (IPTT) to monitor project performance, ensuring alignment with set targets.
- Coordinated Routine Data Quality Audits (RDQAs) and monthly data verification processes, improving reporting accuracy by 20%.
- Trained healthcare workers and community teams on data collection tools, enhancing data reliability by 30%.
- Led data review meetings with stakeholders, providing actionable insights for program improvement.
- Supervised the design and pre-testing of data collection tools to ensure alignment with program goals..

#### Key Achievements:

- Successfully conducted performance monitoring for RMNCAH and WASH-related projects.
- Strengthened stakeholder engagement by organizing bi-monthly review forums with county health teams.

- Integrated innovative data visualization techniques using PowerBI and Tableau, enhancing stakeholder understanding of key metrics.

**Monitoring and Evaluation  
Turkana County, LODWAR**

**Jan 2020 – Dec 2022**

- Conducted comprehensive baseline, mid-term, and end-line evaluations for health and community development projects.
- Supported the development of MEL frameworks and tools, leading to a 15% increase in project tracking efficiency.
- Participated in health data collection, reporting, and quality assurance processes, ensuring compliance with KHIS requirements.
- Collaborated with regional health teams to implement community feedback mechanisms, improving project accountability by 25%.
- Supported MEL system implementation for multi-sector programs, including health and WASH.
- Led capacity-building initiatives for field staff, improving data collection accuracy by 30%.
- Managed Kobo-based data collection, ensuring high-quality survey results.
- Produced reports and dashboards, informing stakeholders on project outcomes and KPIs.

**Key Achievements:**

- Led the design and implementation of community feedback mechanisms that resulted in a 25% increase in response rates for community-led interventions.
- Played a critical role in supporting USAID-funded projects by streamlining data collection and reporting, enhancing the quality and timeliness of MEL data shared with donors.
- Collaborated with partners to ensure that results frameworks and key performance indicators (KPIs) were tracked, resulting in a more accurate evaluation of program outcomes.

**TECHNICAL SKILLS**

**Data Management:** KHIS, eCHIS, RDQA, Kobo Collect, ODK, ComCare

**Data Analysis:** Proficient in Python, Excel, PowerBI, Tableau, and STATA

**MEL Frameworks:** Log Frames, Theory of Change.

**Evaluation Techniques:** Qualitative, quantitative, and mixed-method approaches

**Project Management:** Capacity building, stakeholder engagement, and work plan monitoring

## **EDUCATION**

### **Data Science**

**May 2023 – June 2024**

#### **ExploreAI Academy.**

Relevant Coursework: Data Preparation (Excel, Spreadsheets), Exploratory Data Analysis (Python, Excel, Pandas), Data Visualization (Seaborn, Matplotlib, PowerBI/Tableau), Machine Learning (Regression, Classification), NLP, AWS Foundations.

### **Bachelor of Science in Applied Statistics with Computing Moi University, Eldoret**

**Aug 2018 – Mar 2023**

- Graduated with Second Class Upper Division Honors.
- Final Year Project: Survival analysis on HIV/AIDS patients from Migori County.
- Relevant Coursework: Applied Multivariate Analysis, Survival Models and Analysis, Statistical Computing.

## **LANGUAGES**

- English
- Kiswahili
- Turkana

## **CERTIFICATION AND TRAINING**

- Certification in Data Quality Assurance and MEAL Tools
- Project Management and Evaluation Certification
- Training on Humanitarian Standards and Child Protection
- MEAL in Emergencies: Focus on Health & Nutrition, WASH, and Child Protection in ASAL areas
- Advanced-Data Analysis Certification (Python, Power BI, Tableau)
